International workshop

Mathematical Continuum: Perspectives through History and Philosophy

April 20, 2016

Department MIΘE, Classroom Δ

Program

17:00–17:35 Steve Russ (University of Warwick): Bolzano's Conceptions of Continuum: Geometrical, Numerical and Physical

17:35–17:50 Discussion

17:50–18:25 Stylianos Negrepontis (University of Athens, emeritus): Prehistory of the Continuum: Theaetetus and Eudoxus

18:25–18:40 Discussion

18:40–19:00 Break

19:00–19:35 Demetra Christopoulou (University of Athens): C. S. Peirce on the continuum

19:35–19:50 Discussion

19:50–20:25 Dionysios Anapolitanos (University of Athens, emeritus): Leibniz and the Continuum

20:25–20:40 Discussion
